

Top 10 Conditions Leading to Myiasis

Source Data: COPEG epidemiological week 41

What if I suspect screwworm on/in my animals?

Contact your
veterinarian, state vet,
USDA office, or
extension agent

Seek treatment for your
animal ASAP

Do not move your
animal except to the
veterinarian

Keep your animal
in a safe contained
space

Wipe/spray down any
areas that might
become infested

Collect any maggot-like
objects and save in
rubbing alcohol

Wear gloves to protect
yourself
