

How are the DDRDP and AMMP reducing dairy methane emissions?

Dairy Digester
Research and
Development Program

Alternative Manure
Management Program

Number of Projects Funded

64

(total from 2015, 2017, 2018)

57

(total from 2017, 2018)

Total Funding Awarded

\$114
million

\$31.2
million

Total GHG Reductions

25.7
million MTCO₂e
(over 10 year project life)

1.4
million MTCO₂e
(over 5 year project life)

Cost Per 1 Ton GHG Reduced

\$9

\$43
